## THE EDUCATION FUND

Many persons today honor birthdays and anniversaries by sending contributions to their favorite education funds. Many others find deep satisfaction in making memorial contributions, thereby serving the living and paying thoughtful tribute to the memory of a loved one. Why not help your Alumni Education Fund by so doing? An acknowledgement will be sent to the family or friend by the chairman of the Education Committee and the amount of the gift will be held in confidence.

Graduate Scholarship applications should be submitted to the Education Committee before May 1st for the following year's scholarship. Educational loans from the M. Helena McMillan Graduate Loan Fund may be applied for at any time without interest, to be repaid within a three year period. Our aim at present is to increase the Carrie Belle McNeill Student Scholarship Fund so we may begin to grant student scholarships.

## THE PITFALLS OF NARCOTICS

On Monday, February 19th the Alumni Association was greeted by Policewoman Genevieve Nadherny, R.N. Her presentation was a discussion of some of the aspects of narcotic addiction, including a display of narcotics, a demonstration of the implements, methods and penalties of drug addiction. Miss Nadherny is a graduate nurse of Mercy Hospital and received her B.S. degree from St. Xavier's College. She has been with the Chicago Police Department for the past 15 years.

Miss Nadherny related some of her personal experiences of seeing addicts picked up, placed in a cell, and left alone—with no treatment, as it is illegal to administer narcotics to them. There follows, as a result, the painful agonies of withdrawal reaction an addict goes through when deprived of his drug. After about 72 hours of wracking pain and nausea, the worst craving is over, Miss Nadherny said, but when the addict is released he goes back to his pusher, and more "kicks". If the addict isn't subjected to the withdrawal treatment, the drugs will kill him.

Where do most drug addictions begin? At "joy flats," where teen-agers gather for marijuana parties, Miss Nadherny related. Although not habit forming, the few "kicks" from marijuana encourages a boy or girl to go on to something stronger, and once they do, they are "hooked". Very few addicts are ever cured and these include the strong willed who break off early.

Many of you have children and teaching them the "evils of dope" is important—so vividly they don't forget it.

Following the program, refreshments were served. The next regular meeting of the Alumni will be on **Monday, June 18th**. It promises to be equally as interesting. Let us see you there!

## LATE WITH YOUR 1962 DUES?

As stated in the By-Laws of the Alumni Association, all membership rights and privileges of members not paying their dues by April 1 in each calendar year shall be suspended until current dues are paid. Therefore, after the March issue, the *Alumni News and Views* will not be sent to any who have not paid their 1962 dues. Did you forget? If so, use the form on page 11, and *send in your dues Now!*

## ALUMNI CLASS NEWS

1906—**Maud Gooch** spent the winter in Florida—took a trip to Nassau—ended her trip in Memphis, Tenn. visiting **Julia Gabel**, 1910.

1908—**Hettie Gooch** is busy heading the Red Cross drive and participating in Civil Defense Nursing.

**Florence Rider** spent the month of February in Daytona Beach, Florida.

1910—**Julia Gabel** spent a few weeks in Orlando, Fla. visiting her sister-in-law.

1917—**Madeleine McConnell** heads the Mental Hygiene Division of Berrien County and is a gracious hostess in her lovely home overlooking the lake in Benton Harbor, Mich.

**Martha Ossewaarde Schwind** and her husband are retired and are now living in Deerfield Beach, Florida, at 1960 N. E. First Street. She wonders if there are any graduates from Presbyterian in her area. She had been teaching Fundamentals of Nursing in New Jersey.

1918—**Edna McCullough** retired in the Fall. She is living in the Nurses' residence and is a hostess at the Bishop Anderson House.

**Elsa Rudolph** is with her sister in Garden Grove, California.

**Rosabelle Haney** wrote that she is staying with **Mrs. Lucy Verity Younger**, 1918, in St. Petersburg, Florida, again this winter. "I see **Irene Corliss Hargrave**, 1918, almost daily. Lucy and I met **Maud Gooch** at the Greyhound bus station and after having lunch they drove Maud to Bradleton, where she will stay with friends that were there last winter. Maud said she is anticipating a busy season watching the Milwaukee Braves practice. She had been visiting with Dr. Knowles in DeLand. While in DeLand, Maud had talked with several St. Luke's families, including Dr. Ball and Dr. Gough.

1921—**Irene Stolp**, Director of Nursing Education, St. Joseph's Hospital School of Nursing, Joliet, Ill., was convalescing at 1909 - 9th St., Douglas, Arizona when Miss Hettie Gooch contacted us in November. Unfortunately the news came too late for the November Issue. We hope Miss Stolp is much better and if there are any graduates around Douglas who were in the St. Luke's Clinics or in Miss Stolp's Public Health classes, they might check and see if she is still there.

**Nelle Reimer** enjoyed a trip to the Holy Land.

1926—Carol Maxfield Brady who has been in charge of the Surgical and Orthopedic wards at Merced General Hospital for the past ten years is retiring from nursing March 1, 1962. She lives in Chowchilla, Cal.

Elphia Flugum Fritts and her husband, Laurence, are spending the winter in Florida. They have been sight-seeing, visiting with old and new friends, doing a bit of gardening and keeping cool. Among the old friends are Anna Cope Peterson, Henrietta Rusch Goodspeed, and Frieda Zehr, 1923.

Edna Melby Travers visited Eleanore Stuckart Horn, 1926, who spent the winter in Englewood, Florida.

Margaret McEwen has retired and is living in Wisconsin.

1932—Lt. Col. Elizabeth Breiting, of the Army, took an air trip to Athens, Crete, Cairo, Luxor, Jerusalem, Bethlehem, Damascus, Beirut and Istanbul. In a note to Maud Gooch she said that she saw and did so much she was dizzy. She rode a camel to the Pyramids, visited King Tut's tomb, swam in the Dead Sea. "Jerusalem is like a page out of the Bible and Athens a page of a history book. Bethlehem and Jericho—Jordan River beautiful—Boalbek fabulous—Beirut like the Riviera—Blue Mosque in Istanbul is lovely."

1933—Helen Mahr Rowan had a very big year in 1961. She received her Master's degree, took swimming and driving lessons, bought her first car, her daughter got married and she (Helen) moved.

Dorothy McHugh Crowley now lives in Monrovia, California.

Edith Erickson is doing private duty in Belmont, California.

1940—Marie L. Edson retired from the Army Nurse Corps December 31, 1961, and is now living in Battle Creek, Michigan.

1946B—The following news is from the class reunion paper of September 30, 1961, sent to us by Helen Gianutsos:

Dolores Bengry Gajewski has five children—Tom, 3, Dan, 4, Anne, 5, Mimi, 6 and Paul 8. Dr. Chester is in OB and Dolores finds her children and home are a full time job.

Helen Gianutsos now in her 13th year of Industrial Nursing and still loving it. With making most of her own clothes, going to the lake, and playing golf, the summer has been busy.

**1951—Jean Lind Moore** says that they are still in their split-level home in Melrose Park, but with none of the neuroses which are supposed to go with it. David, our oldest boy, is 9, and an active cub scout and athlete. Jeffrey, now 7, prefers story writing and drawing. Laurie, just turned 4, will try anything once and with her red hair is the despair of her brothers. Just lately, Lucky, a Dachshund, has joined our family and so we feel quite complete. We spent 2 weeks in Wisconsin on a lovely lake this summer and decided we enjoy this kind of vacation best with children. John is still with Harvester, 5 minutes away from the house. This gives him a lot of time for his do-it-yourself hobby. We always enjoy company, so don't forget 610 Winston Drive when you are out our way.

**1953—Donna Large Domagala** and husband, Raymond, spent the last two weeks of November vacationing in Jamaica.

The following 1953A news is from Georgia Zupan Brnot:

At Christmas Jean Forman Buetow wrote: "Here we are in Verdun, France. Jimmy and I landed in Paris on Easter Sunday. The countryside is quite pretty here and quaint. We have a 4 room apt. (1st floor of house) on French economy, but hope to move into government quarters in the spring.

Jimmy goes to an American school (1st grade) and likes it real well. He has a French class each day with a French teacher so he's been teaching me quite a few French words and phrases.

We bought a French car—a Simca and it's the ideal thing for these narrow cobblestone streets." Jean's address is M/Sgt. and Mrs. Willard Buetow, R.A. 16290993, Hq. Det. 1st Med. Gp., APO 122, N. Y., N. Y.

**De De Wainford Conklin** and Bill are back in the U.S. for at least a two year hitch for which they're very happy. De De writes that they've a 'new boss', a black Scottish terrier named Heidi, who's nearly five months old. De De's present address is: Capt. and Mrs. Wm. C. Conklin, 557A Fairfax Village, Fort Belvoir, Virginia.

Does anyone have any suggestions for a 10 year reunion for our class? I'm looking forward to attending and think we should begin planning.

I'm still busy with my family, but enjoy an occasional night of private duty. We finished remodeling our house in '61 but I'm afraid the children get the best of me when it comes to house cleaning and decorating.

**Lois Runnion** is now a member of the U. S. Navy and enjoys it tremendously. She wrote that the eight weeks of indoctrination were pretty rough, but life in general in Bethesda is very casual. "Navy nursing is different from civilian nursing in several respects. For one thing, everyone rotates from ward to ward and shift to shift. Even the LCDR's who are supervisors, take their turn on PM's and nights. There is a lot to do in the area. I have been to Gettysburg to visit the battlegrounds, to Williamsburg where the colonial atmosphere has been preserved, to Annapolis, and, of course, visited the famous landmarks in D.C."

**Bernice Schreiner Torné** has two sons to care for—Lennart, who is not quite three years of age, and Olaf, Jr. who is 8 months old. If any of you are in the Washington area for the fair, the "Seattlites" will be glad to show you around.

**Carol Boyles** is in Presidio of San Francisco at this time. Carroll is at a naval dispensary in San Francisco. In July he hopes to begin an OB-Gyne Residency at Akron City Hospital in Ohio. Carol is at present staying at home and caring for their French poodle, Jacque.

**Dolores Parks Smith** and Ed live in San Francisco and say they can see the Golden Gate Bridge from their apartment on a clear day—is there such a thing? Ed will finish his tour with the Navy in May.

**Vivian Anderson** will finish her language training and will return to Ranipet, India in Dec. Here she will do general duty and teaching of the student nurses. This is "home" to Vivian and we'll be looking forward to hearing about her work now that she speaks and understands these new friends.

**Polly (Harper) Mayes** works for the same doctors—even Saturdays. Besides this she attends ANA meetings, takes voice lessons and takes part in many church activities such as choir, circle, and teaching Sunday School. Her husband, George, a Deacon of the church is equally as busy. They vacationed in Illinois this past fall.

**Barbara Pokorny** enjoyed a boat cruise this past fall to Nassau, San Juan, the Virgin Islands, and Miami. She says there is nothing like it. Barb is now at Sherman Hospital where she works in the O.R. She belongs to the General Duty Section of her ANA and participates in bowling on a hospital team in her "spare" time.

**1959**—**Shirley Smith Anderson**, was disappointed with no news of the '59ers and so she sent some in. Oh, how we wish others would feel the same way, Shirley! (the Co-Editors). ## THE PRESIDENT'S MESSAGE

The Board of Directors has had two meetings this year. They were held on February 5 and March 5, in the Nurses' Residence.

Our correspondence included a letter of resignation from Mrs. Marybeth Coleman Curth, board member. Mrs. Curth's term of office expires in the fall of 1962, and she indicated that her resignation is due to the distance of travel and baby sitting problems. Mrs. Curth has been very helpful in setting up the new Alumni Association and very loyal to the organization. We're sorry to receive her resignation, but hope she will be able to attend the Alumni meetings. I wish to express sincere appreciation for her assistance as a member of the Alumni Board. Miss Inette Hoxsey, graduate of the 1961 class, has been appointed to fill the unexpired term of Mrs. Curth's office.

According to the by-laws, the Alumni elect four members of the Nominating Committee and the Board appoints three members. The Board appointed Miss Ruth Collins, Miss Merel Schmittler, and Miss Pearl Wittmack.

The Education Committee presented application for a loan by one of the Alumni members. The board approved the loan. Also, the chairman of the Committee announced the number of memoriams that were given for Alumni members. Letters of thanks were read and acknowledged.

The Membership Committee presented applications for new members. They were reviewed and approved. This committee is anxious to have the names of prospective members. Please forward their names and addresses to the membership chairman.

The Program and Social Committee presented the "Homecoming" plans for April 25, 1962. The next meeting will be June 18, 1962 at the First Federal Savings and Loan Association, 1 South Dearborn, Chicago. The committee felt they should try a location outside of the medical center to get more members to attend the meetings of the Association. The annual meeting will be held on October 1, 1962. The location will be announced on the notice of the meeting.

The Finance Committee presented the budget for 1962, which was approved as presented.

The Revisions Committee is currently considering some minor revisions which would help clarify the by-laws.

Sincerely,

ANNE R. KIMMEL, President

## HOMECOMING

The second annual Homecoming of the Alumni Association was held on April 25, 1962. The program included tours of the hospital from 1 to 3 P.M., a Homecoming Tea from 3 to 5 P.M. and the Banquet at 6:30 P.M. We were sorry that Miss Edith D. Payne, Director of the School, was unable to be with us due to illness. I wish to take this opportunity to thank her and the School of Nursing for the lovely Homecoming Tea. The program at the Banquet included (1) A Welcome Message from Miss Muriel Stewart, Second Vice-President and Chairman of the Program and Social Committee, (2) reading letters and telegrams received from many of our members, (3) introduction of officers, committees and special guests, (4) introduction of two former directors Miss Madeleine McConnell and Miss Henrietta Froehlke, (5) introduction of those honored guests of the 50 year class 1912, of which 7 members were present, (6) introduction of the 25 year class, (7) introduction of the honored guests of the 1962 graduating class of Presbyterian-St. Luke's Hospital School of Nursing, (8) greetings from Miss Kimmel, President of the Association, Miss Ruth Johnsen, Assistant Director of the School of Nursing and Miss Margaret Maxwell, President of the 1962 graduating class. Mrs. Eleanor Hoehn Barnhardt, of the St. Luke's class of 1937, presented a monetary gift from the 25 year class and indicated that it is to be used for furnishings for the Alumni offices.

An inspiring scene is always the annual roll call which was called by Mrs. Kay Gdalman, First Vice-President. Thirty-eight classes were represented. They included the following, as arranged according to the number of members present:

'37 - 24	'60 - 10	'41 - 4	'35 - 2	'31 - 1
'51 - 18	'12 - 7	'45 - 4	'44 - 2	'38 - 1
'22 - 16	'29 - 6	'49 - 4	'51 - 2	'39 - 1
'42 - 14	'55 - 6	'30 - 3	'54 - 2	'43 - 1
'56 - 14	'28 - 6	'48 - 3	'13 - 1	'46 - 1
'47 - 12	'58 - 5	'59 - 3	'17 - 1	'53 - 1
'52 - 11	'27 - 4	'26 - 2	'18 - 1	
'61 - 11	'40 - 4	'34 - 2	'24 - 1	

Mrs. Neo C. Johnson, of the class of 1913, has attended 29 annual banquets, the number of banquets the Association has had since the beginning of such annual festivities. Next year will be her 50th anniversary year.

This year we also called the roll by states, nineteen of which were represented. Illinois lead the representation with a number too numerous to count. The other states included Indiana - 17, Wisconsin - 12, Michigan - 9, Iowa - 6, Minnesota and Idaho - 2, and the remaining states with one each: California, Colorado, Kentucky, Maine, Mississippi, Missouri, Montana, Nebraska, New York, Ohio, Pennsylvania, and South Dakota.

The Homecoming was brought to a close by all members singing "Tell Me Why." I wish to thank Miss Muriel Stewart and her committee for all their efforts to make this Homecoming another memorable one. This year we had name tags with a replica of the new school pin, which made a nice take home remembrance. The floral center-piece at the head table was sent to Miss Payne at the hospital.

Sincerely,

ANNE R. KIMMEL, President

## BANQUET MESSAGE

In the absence of Miss Edith D. Payne, Director of the School of Nursing, Miss Ruth Johnsen, Assistant Director brought greetings from the School. Miss Payne was unable to attend the Homecoming Banquet due to serious illness and sent her regrets by Miss Johnsen.

As a progress report, Miss Johnsen informed the group that the St. Luke's buildings have been sold. The Michigan Avenue building will be used as a proprietary hospital and the Indiana Avenue as a Home for the Aged. It is presumed that the Schweppé Residence will be used for personnel. Demolition of the Service Building of the Presbyterian-St. Luke's Hospital is about complete and the new Southeast Building (extension of the Jelke building) soon will be under construction. The School of Nursing is planning to have two students from Tanganyika in the new class.

The Class of 1912 and 1962 were both congratulated as the guests of honor at the Homecoming Banquet.

## THE EDUCATION FUND

Many persons today honor birthdays and anniversaries by sending contributions to their favorite education funds. Many others find deep satisfaction in making memorial contributions, thereby serving the living and paying thoughtful tribute to the memory of a loved one. Why not help your Alumni Education Fund by so doing? An acknowledgement will be sent to the family or friend by the chairman of the Education Committee and the amount of the gift will be held in confidence.

Graduate Scholarship applications should be submitted to the Education Committee before May 1st for the following year's scholarship. Educational loans from the M. Helena McMillan Graduate Loan Fund may be applied for at any time without interest, to be repaid within a three year period. With fall, of course, came school again, a brand new one this time, for Nicky, now in the 4th grade, and Calvin, who started kindergarten. I got involved in P.T.A., church work, etc., which made the winter fly by and now will soon be ready for another vacation. Our new address is 1129 Margie St., Rothschild, Wisc.—we just moved in five miles closer to Wausau, Wisc. Andy is still doing X-ray at the local hospital. **Ethel Kuchenbecker** writes "the latest news of course is my marriage. I was married on Sept. 2, to Mr. Daniel E. Waterstradt." Ethel is still employed as an instructor in obstetrics at Mercy Hospital in Oshkosh. She has to commute from Appleton. Looks like Ethel is trying to take up skiing for a hobby, but she will have to skip the season this year, since she broke her ankle last Feb. skiing at Indianhead Mt. in Michigan. It must not have discouraged her because she plans to take it up seriously next season. Luckily, she had "no residual after effects." Better luck next year, Ethel!

**Lois Eisner** writes that she is still a courier-nurse for the railroad, "but you would be surprised at the hospital friends I see this way." Several of the dieticians take the train frequently to Kansas City. She also saw Dr. Ireneus going to Phoenix to take an exam. **Paulette Timm** says her news is not earth shaking, but she sure sounds like she has been busy. She made a trip to Louisville, Ky. for the Derby. "Had a mint julep of a time and came home not too badly bent." Also she was in Bimidji, Minn. to see their golf tournament and the Vikings (pro football) inter squad game. She has plans to see the Mardi Gras early next year. Aside from all her extra curricular activities she is still "on the gas binge." To keep us up on the latest she reports that they are now using a fairly new (2 yrs. old) anesthetic agent—Fluothane. It is non-explosive as opposed to cyclopropane. The drawback is that it's \$6.00 per oz. It is used in conjunction with N<sub>2</sub>O and / or O<sub>2</sub> which is blown over this liquid and picks it up.

**Barbara Sundberg Brunswick** has been working for several months, part time in the emergency room of one of their local hospitals. Although Barb found the work interesting she still prefers being at home. She and her husband Don have a 3 year old son, Donnie. Barb just got back from a months vacation in Ohio and Michigan. They especially enjoyed it since it was the first time they have been up North since moving to Florida two years ago. She invites anyone going to Florida to stop and see them.

**Nancy Tipton Schoor** wrote that she would be unable to attend the Banquet, since they now live in Maine. Her husband, Ed, will be getting out of the Navy in July and from all indications they will be returning to Baltimore or Washington, D.C. for a couple years. ## URGENT NEED FOR INACTIVE NURSES TO RETURN TO NURSING

On January 17, 1962, I was asked to attend a meeting at the C.C.C.N. The purpose was to learn about the refresher course for inactive nurses from a nurse who had completed the course. The council is interested in increasing the enrollment in the classes in order to return inactive nurses to either part or full time nursing.

There are approximately 9000 inactive nurses in the Metropolitan Chicago area. It is estimated according to the report, *Manpower, Challenge of the 1960's*, that by 1970 there will be 6 more million women working. Presently there are 24 million women employed. One out of every three workers is a woman. It is estimated that this ratio will be higher by 1970. Currently the number of women employed include 5 million single women, 3 million women over 30 years of age, 5 million widowed women, 4 million women who are the head of their family, and 2½ million women who are the sole breadwinners of their family. There is an urgent need for inactive nurses to return to nursing. One of the courses which will be helpful is the Refresher Course for Currently Registered Nurses.

The following information outlines briefly the nature and requirements for the course:

1. Courses are open to all currently registered professional nurses. Before practice you will have to be registered in the State of Illinois.
2. Courses are approximately four to six weeks in length. This includes 2 hours of class room instruction and 4 hours of supervised practice daily for 5 days a week.
3. Courses cover general nursing to the Medical-Surgical fields.
4. Centers were selected because of interest, location, and willingness to assist in encouraging nurses to return to active nursing. West Side Veterans Administration Hospital nursing personnel outlined the first course and did a pilot study of one group, which served as a basis for coordinated planning for the present centers.

5. Nurses are privileged to apply to the hospital or agency of their choice upon completion of the course.
6. Each center has a limited number of students that can be accommodated in each class. Classes will be filled as applications are received.
7. Your application will be forwarded to the center of your choice. You will receive further information from the nursing service office of the center.
8. Application forms can be obtained from the Chicago Council on Community Nursing at 8 South Michigan Avenue, Chicago 3, Illinois.
9. A certificate will be issued upon completion of the course.

The Teaching Centers are located at the following hospitals:

<b>TEACHING CENTERS</b>	<b>STARTING DATE</b>
1. CHICAGO WESLEY MEMORIAL HOSPITAL 250 East Superior St., Chicago	October 15, 1962
2. COMMUNITY MEMORIAL GENERAL HOSPITAL LaGrange, Illinois	October 1, 1962
3. EVANSTON HOSPITAL 2650 Ridge Ave., Evanston, Illinois	January 7, 1963
4. ILLINOIS MASONIC HOSPITAL 836 Wellington Ave., Chicago	October 1, 1962
5. LITTLE COMPANY OF MARY HOSPITAL (Eve.) 95th and California, Evergreen Park, Ill.	November 15, 1962
6. MacNEAL MEMORIAL HOSPITAL 3249 S. Oak Park Ave., Berwyn, Ill.	September 24, 1962
7. ST. BERNARD'S HOSPITAL 6344 S. Harvard, Chicago	October 15, 1962
8. WESTLAKE HOSPITAL 1225 Superior St., Melrose Park, Ill.	October 15, 1962

All nurses who are interested should write to the Chicago Council on Community Nursing for application form. If you are an inactive nurse and have free time, make your decision to return to nursing today. Nursing needs you as much as you need nursing.

ANNE R. KIMMEL, R.N.

## JOIN US ON THE FOLLOWING DATES:

—October 1, 1962 . . . Annual Meeting

Speaker will be Father Frederick Becka, a Maryknoll Missioner, who spent 7 years in Communist China, 6 months of which were spent under "house arrest."

—November 26, 1962 . . . Regular Meeting

## AND AWAY WE FLEW!

The Alumni was taken on a personally conducted tour of South America on the evening of June 16, 1962. Orchids, flown in from South America, were presented to everyone. Before we "took off" Mr. David Grehm, Sales Representative of the Varig Airlines and our tour guide, told us a little of the history and people of the land we were about to visit. A large wall map clearly showed us our route of travel.

Anxiously awaiting the trip, our "take off" was finally announced and away we flew!—via a travelogue movie. Visits were made to the following cities: Rio de Janeiro, Sao Paulo, Porto Alegre, Montevideo, Buenos Aires and Brazilia. We were all particularly thrilled to see something of Brazilia, the new and most modern capital of Brazil. Following our exciting trip, colorful literature was given to us. Refreshments were served after our "safe landing."

## THE EDUCATION FUND

Many persons today honor birthdays and anniversaries by sending contributions to their favorite education funds. Many others find deep satisfaction in making memorial contributions, thereby serving the living and paying thoughtful tribute to the memory of a loved one. Why not help your Alumni Education Fund by so doing? An acknowledgement will be sent to the family or friend by the chairman of the Education Committee and the amount of the gift will be held in confidence.

Graduate Scholarship applications should be submitted to the Education Committee before May 1st for the following year's scholarship. Educational loans from the M. Helena McMillan Graduate Loan Fund may be applied for at any time without interest, to be repaid within a three year period. Our aim at present is to increase the Carrie Belle McNeill Student Scholarship Fund so we may begin to grant student scholarships.

**Memorial to Desse Greek, 1914,**

**by her classmate Marion Cromie Baker, 1914**

Desse M. Greek was born and reared in Bluffton, Indiana, a small town south of Fort Wayne. She entered Chicago Presbyterian Nurses Training School in the spring class of 1911, and was graduated in 1914. She did private duty nursing until the call came for nurses for World War I. She signed up with Base Hospital No. 13 (Presbyterian Unit). Since Base Hospital No. 13 was not equipped and ready to go overseas, she spent some time at Camp Dodge, Iowa Hospital, also with New Jersey Hospital No. 9, finally sailing for France and arrived in Brest, France on Memorial Day, 1918. On July 10, 1918 she finally reported at Base No. 13 in Limoges, France. She was discharged from service April 16, 1919, and returned to Presbyterian where she was supervisor of D Floor until her retirement.

In 1927 she helped to chaperon the first group of Gold Star Mothers who were sent overseas by the government to visit their sons' graves. The Jane A. Delano Nurses Post of the American Legion was of great interest to her. She served as commander and was active with this group for many years.

When she retired in 1953 she was eligible for residency in a Veterans Domiciliary. She first went to Clinton, Iowa and then to Dayton, Ohio. On December 29, 1961 she fell and fractured her hip which eventually caused her death on June 16, 1962. She was given a full Military burial in the little town of Bluffton.

## CAPS AND PINS

Requests for caps and pins may be filled by sending them through the Alumni Office, these requests are then channeled through the correct person in the School of Nursing Office. The one reason that we have been doing it this way is that there have been several different persons responsible for the caps; pin orders we have not had before but if you have requests send them in now as we have learned the proper procedure.

**CAPS:** Presbyterian-St. Luke's and St. Luke's caps are \$1.25 each. Presbyterian caps are 75 cents each. You may order one or more caps. Please include with each order 25 cents to cover insurance and postage. Please make checks payable to: Presbyterian-St. Luke's Hospital School of Nursing.

**PINS:** Send your requests and the orders will be sent to the School of Nursing Office or you may send the request directly to Mrs. Barbara Schmidt, Presbyterian-St. Luke's Hospital School of Nursing. She will then send you the proper forms.

However all requests may be sent to:

## A MESSAGE FROM THE NEW PRESIDENT

It is indeed an honor for me to be the second President of our ever growing and developing Alumni Association. I have always held a high interest and respect for the activities of the Association and now pledge to you, the Board of Directors and members, my continued interest and respect. With pleasure I announce the following as officers and members of the Board of Directors for 1963: President—Barbara Shippy Pack, First Vice-President—Kathryn Minor Gdalman, Second Vice-President—Dorothy Hughes, Secretary—Sally Zeeman, Treasurer—Edna Melby Travers, and board members Marion Etten, Ruth Johnsen, Edna McCullough, Frances Geddo, Magdalene Steward and Pearl Wittmack.

As I endeavor to carry out the responsibilities of the Presidency I foresee a great future ahead. Our Association, with a membership of over 2100, has a tremendous undertaking to promote an interest in and further the standards of nursing. It is imperative that we do this, not only for ourselves, but for the nursing profession, itself. Your Alumni Association is able to accomplish this task through the active and loyal support of YOU, its members. Therefore, as President, I call upon each and every one of you to work with me during my term of office. Let us look to find the best way for all graduates of our Schools of Nursing to further the causes of nursing on a world wide scale to new and greater achievements. I shall do my best to keep you well informed of the actions of your Board of Directors and all other matters important, and of interest, to you as members of our Presbyterian-St. Luke's Hospital School of Nursing Alumni Association.

In closing, it is my sincere hope that you all have a Blessed Christmas and a Joyous New Year.

Sincerely,

BARBARA SHIPPY PACK, President

## ANNUAL REPORTS - 1962

### PRESIDENT'S REPORT

To the Officers, Board of Directors and Members of the Alumni Association:

The second year of the Alumni Association has shown further growth and development. We have now added into our membership members of the first two graduating classes from the new school of nursing.

The officers and board members for 1961-1962 were: President, Miss Anne R. Kimmel; First Vice President, Mrs. Kathryn Gdalman; Second Vice-President, Miss Muriel Stewart; Treasurer, Mrs. Edna Travers; Secretary, Miss Sally Zeeman, and Board Members, Miss Inette Hoxsey, Miss Magdalene Steward, Mrs. Barbara Pack, Miss Ruth Johnsen, Miss Marion Etten, and Miss Edna McCullough.

The following members were appointed Chairmen of the Standing Committees: Education, Mrs. Florence Klenze; Finance, Mrs. Kathryn Gdalman; Membership, Miss Doris Molbo; Program and Social, Miss Muriel Stewart; Public Relations, Miss Magdalene Steward, and Mrs. Barbara Pack; Revisions, Mrs. Marie Geisler, and Special Services, Miss Velma Bowman. The Nominating Committee elected Miss Merel Schmittler as their Chairman.

The regular meetings of the Association were as follows: November 20, 1961—Regular meeting—Investment Counseling; February 19, 1962—Regular meeting—"The Pitfalls of Narcotics"; April 25—Homecoming and Annual Banquet; June 18—Regular meeting—Varig Airlines; October 1—Annual Meeting.

The Board of Directors had four meetings—on February 5, March 5, June 11, and August 13 and two special meetings on June 18 and September 11. The Board has carefully evaluated all the affairs of the organization and has made sound judgments in managing the Alumni. We are still establishing some of our working policies and attempting to keep close control of the affairs of the Association. It, too, has been a year in which we have learned to work more closely and harmoniously. We have been able to look objectively at the business brought for board action and decisions were not always easy to make.

I wish to express my sincere appreciation to all the board members for their attendance at the board meetings, their interest and participation in the affairs of the association and support towards the promotion of this newly merged Alumni Association which has just completed its second year. The Board of Directors participates very actively in managing the affairs of the Association as a large percentage of our members are out of state or the country. It is interesting to note that we have members in almost all countries of the world.

My sincere appreciation to all the board members who attended so faithfully.

As the official representative of the organization, I attended the regular meetings of the Nursing Education Board of the School of Nursing, Presbyterian-St. Luke's Hospital. Three meetings, held on November 29, 1961, January 19, 1962, and June 22, 1962, were attended.

A special meeting was held with the graduating students of the 1962 class of the Presbyterian-St. Luke's Hospital School of Nursing on August 16 in the Nurses Residence. Mrs. Gdalman, Miss Schmittler, and Mrs. Pack assisted me in discussing the Alumni Association and presenting the graduates with their courtesy membership cards.

The Commencement Service of the second graduating class was held on September 6, 1962. As President, it was my pleasure to present the "Alumni Association Award" to Arlene Barbara Chaloupka for outstanding performance in patient care, scholastic achievement and citizenship at the Graduation Breakfast. In the afternoon I represented the Alumni Association, on stage, at the Graduation service, at Orchestra Hall. A reception and tea was held at the Nurses Residence after the services.

As my term of office as President draws to a close, I would like to make some suggestions for future consideration by the new officers and board.

- (1) Establish a regular day in the Spring of the year for Homecoming.
- (2) Promote more participation and support for the School of Nursing.
- (3) Establish a fund to send a nurse representative to the International Council of Nurses Quadrennial Meeting and the American Nurses Association biennial meeting.
- (4) Promote and encourage more graduates to become members.
- (5) Revision of the standing rules to more clearly define the functions of committees, registered agent, etc.
- (6) Employment of part time executive secretary as stated in our by-laws.
- (7) Invite the students to participate in more Alumni program meetings.

In closing, I wish to thank all the members of the Alumni Association for their support and continuous interest in the affairs of the Association.

"I shall not pass thru this world but once. If, therefore, there be any kindness I can show, or any good thing I can do, let me not defer it or neglect it, for I shall not pass this way again."

Respectfully submitted,  
ANNE R. KIMMEL  
President

### TREASURER'S REPORT

We have examined the Statement of Financial Condition of the Alumni Association, Presbyterian-St. Luke's Hospital School of Nursing as at August 31, 1962 and the related statements of cash receipts and disbursements of the several funds for the year then ended.

Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying Statement of Financial Condition and the related statements of cash receipts and disbursements present fairly the financial position of the Alumni Association, Presbyterian-St. Luke's Hospital School of Nursing at August 31, 1962 and the results of its operations for the year ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Respectfully submitted,  
CROFFORD H. BUCKLES & CO.  
Certified Public Accountants

### REPORT OF THE SECRETARY

The minutes of four Board of Directors meetings, two special Board meetings, and two regular meetings were kept by the Secretary in 1962.

Respectfully submitted,  
SARAH H. ZEEMAN, Secretary

## NOMINATING COMMITTEE

Two meetings were held, one for the purpose of electing a chairman and the other to prepare the annual ballot. Letters were sent to the prospective candidates with a request for biographical information, in addition to the written permission, to place the name on the ballot form.

The ballot for 1963 was:

President	Dorothy-Jane Kernchen Heidenreich Anne R. Kimmel
Secretary	Barbara Shippy Pack Carol Peterson Bryce Helen C. Gianutsos
Treasurer	Dorothy Hughes Merel Schmittler Edna Melby Travers
Board of Directors (3)	Cynthia Dana Frances Geddo Inette Hoxsey Marcella Hunt Kurtz

Sally Ballenger Charlotte Lange Baumgartner Dorothea Bossard Dolores Gill Phyllis Nye	Helen Spinka Rutherford Joyce Stoops Barbara Trethewey Susan Yeomans

2030 ballots, biographical sketches, and return envelopes were mailed. The committee felt that it was better to send the biographical sketches with the ballot rather than having the material printed in the "Alumni News and Views" as originally intended, because the June issue arrived too early, and the September issue too late.

### PAY YOUR 1963 DUES!

As stated in the Bylaws of the Alumni Association, all membership rights and privileges of members not paying their dues by April 1 in each calendar year shall be suspended until current dues are paid. Therefore, after the March, 1963 issue, the "Alumni News and Views" will not be sent to any who have not paid their 1963 dues. You will soon be receiving your dues notice in the mail. It is our hope that you will renew your membership for the coming year.

## THE EDUCATION FUND

Many persons today honor birthdays and anniversaries by sending contributions to their favorite education funds. Many others find deep satisfaction in making memorial contributions, thereby serving the living and paying thoughtful tribute to the memory of a loved one. Why not help your Alumni Education Fund by so doing? An acknowledgement will be sent to the family or friend by the chairman of the Education Committee and the amount of the gift will be held in confidence.

Graduate Scholarship applications should be submitted to the Education Committee before May 1st for the following year's scholarship. Educational loans from the M. Helena McMillan Graduate Loan Fund may be applied for at any time without interest, to be repaid within a three year period. Our aim at present is to increase the Carrie Belle McNeill Student Scholarship Fund so we may begin to grant student scholarships.

## SIGHT CAN BE GIVEN

The October 1, 1962 Annual Alumni Meeting was very much looked forward to by the Alumni group—especially those already acquainted with Father Frederick Becka. However, at the very last minute Father Becka had to cancel his plans and return to New York. The Program and Social Committee made fast plans for a new program and were able to obtain Mr. Leonard Heise, Executive Director of the Illinois Society for the Prevention of Blindness. Mr. Heise presented a most interesting and enlightening program. He told us some of the things this society does. It operates entirely on donations from people interested in its services. This society is the second oldest in Illinois and has concentrated on the causes of blindness, isolated them and eliminated them if possible. They have taken part in the Silver Nitrate Law and laws dealing with fireworks. The Illinois Eye Bank is sponsored by the society.

A movie was shown entitled "Boy with Blindfold" which was narrated by Walter Pidgeon. It was produced by the Eye Bank for Eye Restoration. The film related a story about a small boy who needed a corneal transplant and how, eventually, through a person donating their eyes, he was able to see. For more information regarding this society or donation of eyes for corneal transplant write to the Illinois Eye Bank, 220 S. State St., Chicago 4, Illinois.

## ATTENTION ALL ALUMNI MEMBERS

If you have not already paid your A.N.A. dues or you wish to become a member, now is the time to do it. This year, the First and Sixth Districts of the Illinois Nurses' Association have been chosen to take part in an A.N.A. pilot study of direct billing and collection of Association dues.

Under the plan, dues (which are payable now) are to be paid directly to A.N.A. A.N.A. will remit the proper portion to the state and to your district. At the same time, A.N.A. will send you your membership card.

Your 1963 dues may be paid in one payment as in the past, or in three equal installments. If you elect to pay in three installments, the first payment is due now. The second payment will be due April 1st, and the third payment July 1st. You will receive a reminder in advance of the date of each payment. You will also receive a membership card after each payment indicating you are a member in good standing for the period paid. There will be a charge of \$1.25 to those electing to use the part payment plan to cover the additional cost involved. It is hoped that the installment plan of paying dues will make the payment of dues easier and more convenient for those choosing to use it.

Active membership dues are \$47.50. Should you desire to divide your payments, the first installment of \$16.25 should be remitted at this time. Associate dues (for those not actively engaged in nursing) are \$20.50 per year or \$7.25 for the first installment.

### IN MEMORIAM

The Alumni Association wishes to express deepest sympathy to the following in the loss of loved ones:

- Family and friends of Eleanor Creeger MacKimm (1931) who passed away in September, 1962.
- Genevieve Stevenson, 1935, who lost her mother September 19, 1962.
- Florence Moore Johnson, 1935, who lost her brother in May, 1962.
- The family and friends of Liola Johnson, 1923, who passed away September 13, 1962.
- The family and friends of Irene A. C. Smith, 1908, who passed away June 20, 1962.
- Ruth Westedt Holmgren, 1925, in the death of her sister on July 29, 1962.
- Dora Adkins Schneider, 1935, in the death of her mother, Mrs. Clara Adkins, who died of a coronary on August 21, 1962.
- The family and friends of Mildred Mihills, 1907, who was killed in a tragic accident October 5, 1962, near St. Joseph, Mich. Miss Mihills served in W.W.I. as a Lieutenant and traveled extensively during her career. She retired in 1930 and has taken an active part in Red Cross instruction and many community clubs and activities. Burial was at Arlington National Cemetery, Arlington, Va., with full military honors.
- Mrs. Maximilian Ruehl (Edith Taylor, 1901) in the death of her husband, Dr. Maximilian Ruehl on July 17, 1962.
- Leona Brall Fitzmaurice, 1919, and her husband in the untimely death of their only son, Jack, in June, 1962. Jack, of Loyola University, leaves a wife and family of five.
- The measure of life is not its duration but its donation.

The above words, by Peter Marshall, exemplify the life of Mrs. Margaret M. Bell, 73 years of age. It is with deep sorrow that we announce her passing on October 7, 1962. For fourteen years, Mrs. Bell was the Director of Residence and the School Social Program at St. Luke's Hospital School of Nursing. A very gracious lady, whose chief interest was the welfare and development of nursing students, Mrs. Bell will be long remembered by all who knew her.

Mrs. Bell was stricken with a fatal heart attack at the Palo Alto, California home of her son, Dr. John Bell, where she had been visiting for the past two months. She had lived with her husband, Dr. Warren Bell, in Lakewood, Colorado after leaving the St. Luke's family in 1957. She is also survived by a daughter, Mrs. Virginia Johnson of Denver, Colorado.

All who received a "donation" of Mrs. Bell's life feel a great loss and will cherish many fond memories of "their dear Mrs. Bell".

## FOR THESE MY BRETHREN

Memorial to Helen Mary Benjamin, 1924.

By Miss Rose Stettler, 1924

Helen Benjamin graduated from St. Luke's School of Nursing in 1924, was with the Visiting Nurse's Association in 1925, and then, following one semester at the Northern Baptist Theological Seminary in 1926, she was appointed by the Women's American Baptist Foreign Mission Society as Superintendant of the Nurse's Training School at the American Baptist Mission Hospital in Nellore, India, where she served until a serious illness brought her home a few months before her death in 1962. Helen went to India to fulfill the Lord's command that was imprinted on the St. Luke's pin that she proudly wore,—“And heal the sick that are therein, and say unto them, the Kingdom of God is come nigh unto you.” Luke 10:9.

When the Training School for Nurses at ABM Hospital was started by Miss Annie Magillon in 1907, the hospital had an eight bed capacity. Educational requirements of students admitted into training was as low as fifth grade. For teaching, there was one 79 page text translated into Telugu, containing subjects of Physiology, Anatomy, Nursing Arts, Materia Medica and Obstetrics. In 1910 the first class of four students was graduated. Among India's teeming millions, sickness and disease were rampant, the mortality high. The common diseases were Malaria, T.B., Leprosy, Smallpox, Cholera, Cancer, Diarrhoea and Dysentery. T.B. was almost as prevalent in India as our common cold is here, and statistics showed that almost every minute someone died of T.B.

Under Helen's guidance the school progressed. Nursing standards were constantly rising. In 1957, when the Nurses Training School celebrated their Golden Jubilee, the number of the last student to register was 509. Of that number a large percent had dropped out of training, but 275 had graduated from Nellore. Although the Nellore graduates had not had a high school education, many rose to places of great professional responsibility such as Nursing Superintendent, Supervising Sisters, Health Supervisors, and others. In 1958 teaching the Nursing courses in English was instituted, with graduation from high school the minimal requirement for entering training. An advanced course in midwifery was also a part of the program. And in 1959 the School at Nellore received the last certification of recognition by the Government for the Higher Grade in Nursing.

When Helen left Nellore the hospital had become a 170 bed hospital. Deliveries were 1200 cases and Surgery were 1100 cases a year. In and out patients were 10,000 a year. Infant mortality was 96.1/1000. Life expectancy was 42 years. There were 57 medical schools and 56,491 doctors for a population of 420,000,000.

Helen gave much to many. It was said in the services conducted for her here, “Helen not only gave of her time and strength to the people and the work she loved, she also gave more than generously of her income to help girls of promise to secure training and further education. When a new Educational Unit was added to the Hospital, Helen contributed a large part of the funds.—Helen Benjamin's home-going was a serious loss to a great many people. Not only her family, but her church, her denomination, and above all, the people of Nellore, India are conscious of the loss of a stalwart friend.”

## Commencement Day - Class of 1962

Commencement Day for the 1962 class began Thursday morning of September 11 with a breakfast in the Recreation Room at the Nurse's Residence. At this time the awards were presented to the students. The Presbyterian-St. Luke's Alumni Association Award recipient was Arlene Barbara Chaloupka.

The Commencement Service was held at two o'clock p.m. in the Orchestra Hall. Miss Edith D. Payne, Director, School of Nursing, presented 109 graduating students to Mr. Gavin A. Pitt, President of the Hospital, who conferred the diplomas and to Miss Ruth Johnsen, Assistant Director, School of Nursing, who awarded the school pins. The Commencement Address was given by Mr. Phillip Clarke, a Trustee of the Presbyterian-St. Luke's Hospital.

After the Service, a tea was held in the Nurses' Residence for the graduating class and their families and friends.

- 1923—Rosallen Churchill Michael and husband are moving to Lapata, Texas, where they are looking forward to their retirement. They have been living in Apple Valley, California.
- Naomie Plummer Lytle and her husband spent their vacation in the Kings River Area and had a wonderful time.
- Mabel Gulbransen has moved to Phelps, Wis., and invites any who are up that way to drop in for a cup of coffee and a chat.
- 1925—Ruth Westedt Holmgren retired 2 years ago and lives in Anaheim, California. When she flew to Wisconsin for her sister's funeral in July, she visited with friends and relatives.

1928—**Gladys K. Franksen** and husband have moved to Pentwater, Michigan. Her husband has retired.

**Ruth C. Burr** has retired from U. S. Indian Service and is now enjoying trailer living in Pratt, Kansas. This fall and winter she plans to assist **Naomi Gibbs** with about 150 School Assembly programs in Kansas, Nebraska, Missouri, and Illinois. She is not sure if this will be an avocation or a new vocation.

1935—**Lucille Kern Anderson** is still working in St. Peter's Hospital in Olympia, Washington.

**Sophia Sonnenberg George**—In Sept. my husband and I went to the fair in Seattle. On the way we spent two days visiting a classmate of mine (**Mrs. Lucille Kern Anderson**) and her husband, in Lacy, Wash. Needless to say we had a good old gabfest, while sitting by the fireplace drinking coffee. The Andersons just moved into a new home surrounded by large evergreen trees—just like living in the forest.

Lucille and Ralph have three lovely children: Carl, the oldest, is in the Air Force, is married and has a boy two years old and may have another one by now, as they were expecting another one anytime. Carl was a premature baby, born at St. Luke's in Chicago, only weighed 2 lbs. 11 oz. We didn't know at the time whether he would make it or not, he is now 23 years old and is a big handsome boy. John is 19 and in his first year of college; Judy is 11 and is a very sweet girl. Besides taking care of her family and home Lucille works at St. Peter's Hospital in Olympia two days a week as admission supervisor and also has charge of the pharmacy; she also relieves nurses during their vacations. She paints and sews and helps with the Girl Scouts.

My husband and I bought bicycles recently, so exercise each day bicycling. I joined a bicycle club. We go bicycling once a week, then have coffee, etc., at one of the ladies' homes, so gain back all the weight we lost, but it is fun.

My husband is going to college, so I take care of the yard and garden, it keeps me busy as I raise vegetables and lots of flowers. I am thinking about taking a brush up course in nursing this fall. I had surgery recently and while I was in the hospital the Director of Nurses asked me if I wanted a job. I'm pretty rusty, tho as far as Nursing is concerned, and wouldn't tackle a job without a brushup on the latest methods.

Wish more of the class of 1935 would write some news about themselves and their family. How about it you 1935er's?

1953—Plans are being made for a ten-year 1953 class reunion. Those who desire further information may contact Mary Schroeder Hess at 408 Bryant, Glen Ellyn, Illinois; phone HO 9-2012.

1953A—**May Omura Kimura** and her husband plan to stay in Tokyo for a year while her husband does some work there.

**Marge Winkler Bradford** and 2 children spent most of the summer in Chicago with her family while husband Bob spent the summer commercial fishing in Alaska with some other teachers.

**Helen Crandall** visited the World's Fair this spring on her way east from California. She attended the Fair with Louise Jones who resides in Seattle. They met with Marge and Bob Bradford for lunch.

1957—**Fern Sieg** acts in the capacity as the "T.T.S." nurse for Lutheran General Hospital. She is the only nurse in this capacity in this hospital.

1958—**Carol Ramsey** is now Head Nurse on a medical floor at Lutheran General Hospital.

**Jack and June Chitty** and Chuck and Jan Hammond met at the World's Fair this fall. The Hammonds recently returned from France where they spent 2 years. Both Jack and Chuck are in Uncle Sam's employment—one in Seattle and one in the Tacoma area.

**Connie Schuster Ryan** and husband will be returning to Chicago from Turkey next January. Dr. Will plans to continue working in the Dept. of Endocrinology at Presbyterian-St. Luke's and Connie plans to work on her Master's degree in Romance Languages.

**Marsha Bryants** son is now 9 years old. She is still working at the clinic while her husband is practicing Dentistry in Carbondale, Illinois.

**Nancy Evans Wicks** is Nurse and Secretary in a surgeons office. She enjoys seeing the well-healed product of surgery. Don's a banker at United California Bank.

**Nancy McCaslin Crichton** has a son Jim Jr. 15 months old. Jim Sr. is a salesman.

**Rita Romano Quinlan** is now in California. Mark is 3 years old. Rita is Head Industrial Nurse for Montgomery Ward & Co. The family seems to love California and its lovely weather. They are enjoying various sporting activities and seem to keep very busy.

**Barbara Peer**'s son is 18 months old. Clyde is an Army Officer-Optometrist. They have been taking several trips this year mixing business and pleasure. No nursing at the present time.

**Joy Householder Reed** has 2 children—Sheila 17 months and Kathleen 4 months. Art is now a salesman but has pre-dent to finish. Then Joy will return to work 3-11.

**Sheri Woody** received her B.S. degree from Western Reserve University in September, 1961. She has recently been promoted to Assistant Head Nurse. She loves rehabilitation work and is working on her Masters Degree in Sociology.

**Robin Martini** writes from Syria where she finds many material inconveniences. Many of the people are very poor and consider hospitals only a very last resort. Typhoid is always present because of the poor sewage. Donkeys and horses are used for hauling produce to the market and many of the women still have veiled faces. She says nursing almost doesn't exist in this country. The people who can afford to send their daughters won't consider nursing and the middle class find it too expensive. Sounds like we Americans should appreciate more what we have.

**1959**—**Darlene Sharp Jeppsen** is working part time at Lutheran General Hospital in Park Ridge.

**Louise Thompson Holquin** had been working for the Red Cross Blood Bank in Los Angeles until she was married several months ago.

**Irene Martin** is now living in Allston, Mass. and attending Boston University.
